HEALTHCARE

ESSENTIAL TO HEALTH

Unbreakable* Vaginal Speculums. Designed for professionals.

We believe every speculum used for gynaecological procedures should be unbreakable*, as standard.

Vernacare Surgical Solutions are proud to manufacture the UK's widest range of unbreakable* vaginal speculums, offering products for most clinical applications which are easy to use, safe and comfortable.

Confidence and comfort every time

- Safe – unbreakable* designs
- Cost-effective – good, better, best and specialist options
- Clinically clean† and sterile options available
- Comfortable – Range of sizes, reassuring to patient and practitioner
- Single-use – No cross-contamination
- Made in UK

UK market leading single-use speculums

Developed and manufactured in the UK with extensive input from professionals, each product feature offers improved patient comfort and safety; helping to reduce patient anxiety and enhancing practitioner confidence.

Explore our range of unbreakable* vaginal speculums

We provide a range of speculums to suit all budgets and meet practitioners' requirements across a range of gynaecological procedures. All our speculums come in a range of sizes to give practitioners the best choice for optimal patient comfort.

From our price competitive clinically clean† option to premium sterile instruments and specialist retractors, our comprehensive range will have a suitable solution for your needs.

* Our speculums are manufactured from advanced polymers which are unbreakable in normal use, independently tested by SMTL.

†Packed in a UK manufacturing clean environment.
