

# Material Safety Data Sheet

## Section 1: Identification of the material and supplier

**Product Name:** Natural Secrets Sorbolene Cream

**Other Names:** Not Applicable

**Recommended Use:** Skin Moisturiser

**Supplier:** Products of Australia Pty Ltd

**Address:** 2/10 Ormsby Place  
Wetherill Park, NSW 2164

**Telephone:** (02) 9709 2457 (Monday to Friday, 09:00 to 16:00 EST)

**Emergency Contact Number:** Poisons Information Centre, 131 126

## Section 2: Hazards Identification

**Hazard Classification:** Non- hazardous according to criteria of Worksafe Australia.  
Non-dangerous good.

**Risk Phrase (s):** Not Applicable

**Safety Phrase (s):** S25 Avoid contact with eyes.

### Section 3: Composition/ Information on Ingredients

| <u>Chemical Name</u>             | <u>CAS Number</u> | <u>Proportion (%w/w)</u> |
|----------------------------------|-------------------|--------------------------|
| Water                            | 7732-18-5         | V. High                  |
| Glycerin                         | 56-81-5           | Medium                   |
| Stearic Acid                     | 57-11-4           | Low                      |
| Sorbitol                         | 50-70-4           | Low                      |
| Mineral Oil                      | 842-47-5          | Low                      |
| Cetostearyl Alcohol              | 8005-44-5         | Low                      |
| Triethanolamine                  | 102-71-6          | V. Low                   |
| Triticum Vulgare(Wheat) Germ Oil | 68917-73-7        | V. Low                   |
| Imidazolidinyl Urea              | 39236-46-9        | V. Low                   |
| Chloracetamide                   | 79-07-2           | V. Low                   |
| Sodium Benzoate                  | 532-32-1          | V. Low                   |
| PPG-2 Methyl Ester               | 13429-07-7        | V. Low                   |
| Tetrasodium EDTA                 | 64-02-8           | V. Low                   |

V. High <60%, High = 30-60%, Medium = 10-30%, Low = 1-10%, V.Low ≤ 1

### Section 4: First Aid Measures

**Ingestion:** Rinse mouth with water. Do not induce vomiting. Give plenty of water to drink. If irritation develops and persists, seek medical attention.

**Eye:** Immediately hold eyes open and flush with water for at least 15 minutes. If irritation persists, seek medical advice.

**Skin:** Wipe off excess with cloth or towel. Remove contaminated clothing. Wash well with water.

**Inhalation:** Not Applicable

**Advice to Doctor:** treat symptomatically.

## Section 5: Fire Fighting Measures

**Extinguishing Media:** Water spray or fog, foam, dry chemical powder, carbon dioxide.

**Hazards from combustion:** This mixture is not combustible under normal conditions. However it will breakdown under fire conditions and hydrocarbon components will burn. Heating may produce toxic fumes containing carbon monoxide, carbon dioxide and nitrogen oxides.

**Personal Protective**

**Equipment:** fire fighters to wear self- contained breathing apparatus and suitable protective clothing.

**Hazchem code:** None assigned.

## Section 6: Accidental Release Measures

**Emergency Procedures:** Slippery when wet. Avoid accidents, clean up immediately.

**Methods and materials for**

**Containment and clean up:** Contain spill to prevent contamination of drains/ water ways. Use absorbent material such as sand or earth. Collect and seal

in properly labelled containers for disposal in accordance with local regulations. Rinse area with water to remove any residual material.

## Section 7: Handling and Storage

|                                       |  |
|---------------------------------------|--|
| <b>Precautions for safe Handling:</b> | Avoid contact with eyes  |
| <b>Conditions for safe storage;</b>   | Store in original container in a dry, cool, well-ventilated area away from direct sunlight. Store away from food stuffs. |
| <b>Storage incompatibility:</b>       | None Known.  |

## Section 8: Exposure Controls/ Personal Protection

|                                       |   |
|---------------------------------------|---|
| <b>National Exposure Standards:</b>   | No exposure standard applies for the product.   |
| <b>Biological limit values:</b>       | Not Available   |
| <b>Engineering Controls:</b>          | None under normal operating conditions  |
| <b>Personal Protective Equipment:</b> | Eyes: generally not required<br>Hands: generally not required<br>Respiratory: normally not a hazard due to the nature of product<br>Other: always wash hands prior to smoking, eating, drinking or using toilet |

## Section 9: Physical and Chemical Properties

|  |                              |
|--|------------------------------|
| <b>Appearance:</b>                     | White, Viscous Cream         |
| <b>Odour:</b>                          | Characteristic base odour    |
| <b>pH (25°C):</b>                      | 7.1 to 7.5                   |
| <b>Vapour Pressure (kPa):</b>          | Not Available                |
| <b>Boiling Point (°C):</b>             | Approximately 100°C. (Water) |
| <b>Melting Point (°C):</b>             | Not Available                |
| <b>Solubility in Water:</b>            | Readily dispersible          |
| <b>Specific Gravity (°25C):</b>        | 0.92 to 1.00                 |
| <b>Flash Point (°C):</b>               | Not Applicable               |
| <b>Flammability Limits:</b>            | Not Flammable                |
| <b>Ignition temperature (°C):</b>      | Not Available                |
| <b>Specific heat value:</b>            | Not Available                |
| <b>VOC content (%):</b>                | Not Available                |
| <b>Evaporation rate:</b>               | Not Available                |
| <b>Viscosity (cps):</b>                | 10,000 to 20,000             |
| <b>Volatile Component (%):</b>         | Not Available                |
| <b>Saturated Vapour pressure:</b>      | Not Available                |
| <b>Decomposition Temperature (°C):</b> | Not Available                |

## Section 10: Stability and Reactivity

|                                |  |
|--------------------------------|--|
| <b>Chemical Stability:</b>     | Stable under normal conditions.                      |
| <b>Conditions to Avoid:</b>    | Excessive heat and direct sunlight.                  |
| <b>Incompatible materials:</b> | Oxidising agents                                     |
| <b>Hazardous decomposition</b> |  |
| <b>Products:</b>               | Carbon monoxide, carbon dioxide and nitrogen oxides. |
| <b>Hazardous reactions:</b>    | Not known.   |

## Section 11: Toxicological Information

### Potential health effects:

#### Acute:

|                   |  |
|-------------------|--|
| <b>Swallowed:</b> | May cause irritation if directly introduced into mouth, throat and stomach. Symptoms may include vomiting, abdominal pain, diarrhoea and nausea. |
| <b>Eye:</b>       | May cause mild to moderate irritation to eyes, including redness and stinging  |
| <b>Skin:</b>      | Not considered a hazard through normal use   |
| <b>Inhaled:</b>   | Not normally a hazard due to non-volatile nature of product.   |

**Chronic:** No information available.

**Oral LD<sub>50</sub>(rat):** Not Available.

## Section 12: Ecological Information

Avoid contamination of waterways.

## Section 13: Disposal Considerations

**Waste Disposal:** In accordance with local authorities.

## Section 14: Transport Information

**UN Number:** None

**UN proper shipping name:** None

**Dangerous goods class:** None

**Subsidiary Risk:** None

**Packing Group:** None

**Special precautions for user:** None

**Hazchem Code:** None

Not classified as Dangerous Goods according to the Australian code for the Transport of dangerous Goods by Road and Rail.

## **Section 15: Regulatory Information**

**Poisons Schedule:**

None

## **Section 16: Other Information**

This MSDS summarises to our best knowledge of the health and safety hazard information of the product and general guidance on how to safely handle the product in the workplace. Each user must, prior to usage, assess and control the risk arising from its use of the product in the workplace, including in conjunction with other products.
