Hollister Night Drainage Bag Sterile (9650) Flip Tap
Guide for Use

Applying the night drainage bag

Ensure the drain tap is closed. Remove cap from stepped mount connector if present. Connect the stepped mount connector to the sheath (catheter). Make sure tubing is not kinked or obstructed.

Applying the hanger fixation
Please keep the bag off the floor.

Draining the night drainage bag

Tap closed (front facing)

Tap open (front facing)

Drain into toilet or other receptacle.

To remove and dispose

(Please follow all local disposal regulations)
Remove hanger fixation.

Indications and Intended Use

A urinary night drainage bag collects and contains urine. The hanger is an accessory intended to secure a urinary night drainage bag to a bed frame or a stand. These accessory products are for individuals with urinary incontinence or a urinary stoma.

WARNINGS

- Disinfection and sterilisation may compromise the product. This may result in odour or leakage.

Precautions

Single patient – multiple use. Sharing this product with multiple users creates a risk of infection.

Between uses, empty and rinse night drainage bag with lukewarm water or clean per healthcare professional recommendations. Hang to dry away from heat. Wipe outside of bag and tubing with damp cloth as needed. Clean the connector with an alcohol wipe before each use. Discard when visibly damaged or stained.

Notes

Contact a healthcare professional for help with continence care products. In case of serious injury (incident) in relation to your use of the product, please contact your local distributor or manufacturer and your local competent authority. For more information, see www.hollister.com/authority or contact your local distributor.
