Attends®
Incontinence protection for you

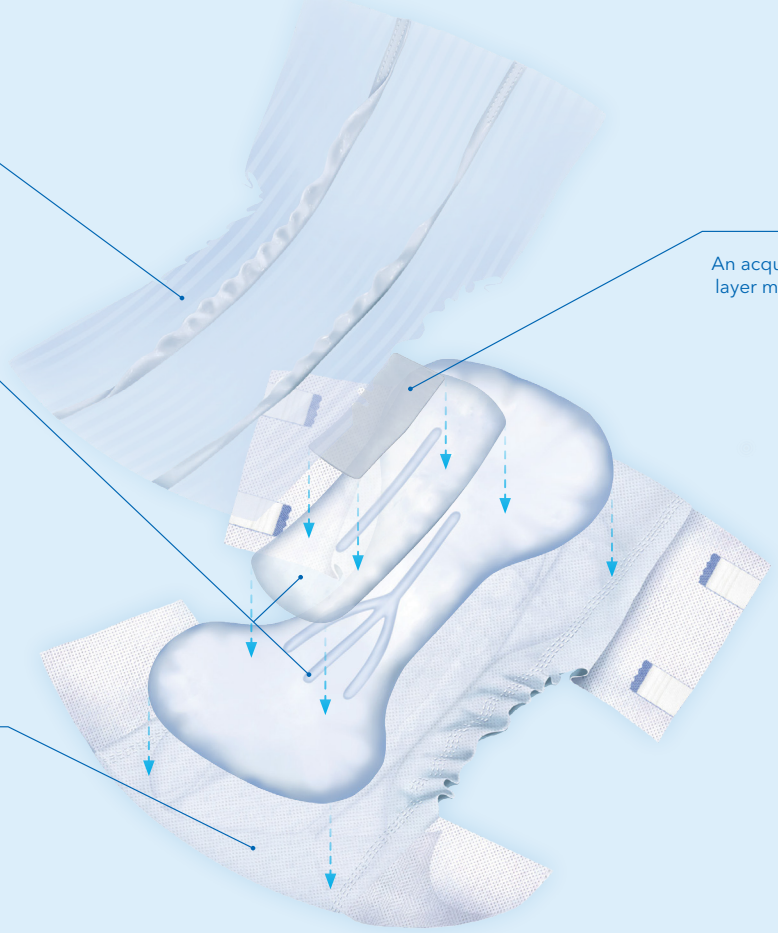

NOW AVAILABLE

FEEL™ PROTECTION • CONFIDENCE • COMFORT

New Advanced Channel Technology for Instant Dryness

Attends Slip Air Comfort and Attends Flex now feature a dual core with advanced channel technology, designed to deliver fast absorption and instant dryness. Working together with an acquisition layer, the dual core quickly draws fluid away from the skin, distributes it evenly and helps to reduce the risk of leakage. This provides instant dryness and helps individuals managing heavy incontinence feel drier, more comfortable and secure.

Top Sheet
The soft top sheet with leg cuffs provides a secure and comfortable fit.

Acquisition
An acquisition and distribution layer moves liquid quickly into the absorbent core.

Channel Technology for Instant Dryness
Quickly absorbs liquid, spreads it evenly, and locks it into the core.

Anatomical Fit
Provides an anatomical fit for comfort and security.

100% Breathable
The backsheet promotes airflow and helps maintain skin health.

Now featuring new Channel Technology for Instant Dryness and 100% breathability
